## PHC HEADS NORTH FOR CARDIAC SURGICAL MISSION

The Philippine Heart Center (PHC) management and surgical team heads to the north for its 2nd CV Surgical Mission for this year. Held at Mariano Marcos Memorial Hospital and Medical Center, Batac, Ilocos Norte on July 18-22, 2021, the PHC Team was able to do PDA Device Closure on 9 patients and CABG Procedures on 4 patients. This mission was in partnership with Rotary Club of Metro Pasig and Heart Warrior of the Philippine Inc. Under Imee Kalusugan Program of Senator Imee Marcos and with the support of Terumo. We continue to take our mission and vision on higher and solid ground despite our unseen enemy- the Covid19 with strong leadership, unflinching faith, determination and effective communication.

PHC Management and Cardiac Surgical Mission Team headed by Dr. Abarillo, Executive Director and Dr. Manzo, Deputy Director for Medical Services with MWMHMC Officers, Government Officials and Governor Matthew Marcos
