Blessing of the New Negative Pressure Isolation Rooms

10 November 2021—Blessing of our 6 Worldbank-financed Negative Pressure Isolation Rooms at the MICU 1, 4th Floor Hospital Building. Department of Health (DOH) Secretary Dr. Francisco T. Duque, III and Health Facilities Enhancement Program (HFEP) Director Dr. Leonita P. Gorgolon were our VIP guests.

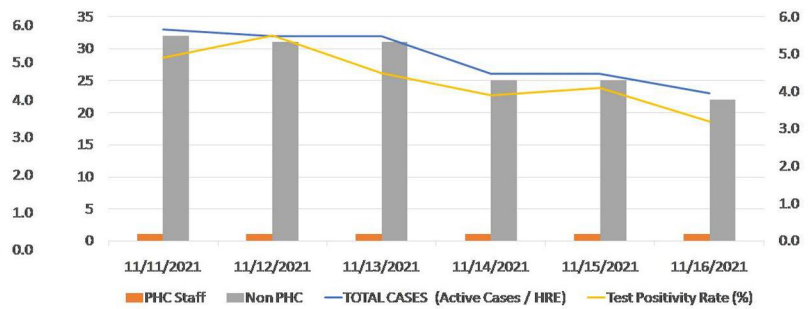

National Daily Covid Census

Nov 11 - Nov 16, 2021

Covid Care Census

Nov 11 - Nov 16, 2021

Zero Covid HCWs at PHC

We thankfully and prayerfully observe the decline in the National and PHC Daily Covid 19 Census. November 16– we chart for the first time the National Census which went down to less than 1,000 cases per day; and November 17, 2021 marked the first time in months that we had “0” ZERO HCW admitted.

Indeed we rejoice and yet continue to enjoy everyone to remain vigilant and be practicing the minimum health protocols, even as the mandatory use of faceshields have been lifted in areas under Level 1 to 3 which President Rodrigo Roa Duterte approved upon recommendation of the Inter-Agency Task Force.

“Congratulations on the opening of your 6 MICU rooms, this is a testament of the very culture of seeking excellence, seeking for an opportunity to raise the bar of quality because at the end of the day you are not only doing these to achieve continuing quality improvement nor to get recognition and rewards. You are doing these for the people. Although these rewards are badges of hardwork, dedication and commitment that makes PHC ever stronger, the true measure is what the public says... the ultimate goal is patient satisfaction, if not patient intimacy.”

- Sec. Duque, DOH

“We are now 99.8% vaccinated—more than enough of the required number for Herd Immunity. The 6 ICU Rooms with Negative Pressure systems in MICU 1 are big additions for us in terms of safety. We thank the Department of Health for their support ever since the start of the pandemic. We are more prepared now with better facilities.”

- Dr. Abanilla
Executive Director, PHC

Negative Pressure Isolation Rooms

- Six (6) Isolated ICU Rooms with Negative Pressure systems in MICU-1
- Will help the hospital to serve and treat patients with Covid-19 and other similar infectious diseases

PUBLIC ADVISORY ON COVID-19 BOOSTER SHOTS

15 November 2021

All fully-vaccinated healthcare workers may avail of booster doses starting 17 November 2021 (Wednesday). Based on the Emergency Use Authorization (EUA) issued by the FDA, the DOH recommends using either Moderna, Pfizer, and Sinovac as booster doses regardless of the brand used for the primary series. Sinovac will also be offered as a booster for those that had Sinovac as primary series.

Guidelines will be released on 16 November 2021 by the National Vaccine Operations Center (NVOC).
